

Rationale for ERD name convention

Customer -

- Age dictates price of ticket
- gender - classification purposes

Tickets

- Certain classification of tickets dictate discounts, ie senior, military, and student qualify for reduced rate tickets.

Concessions

- In some instances food, snacks, and drinks are taxed at a different rate and need to be separated.

Movies

- Movies are classified by movie identification number. movie title, year of movie production, movie genre, language of the actors in the movie, and the country in which the movie was produced.

Genre

- Genre identificaton and title of the genre, ie comedy.

Movie_Cast

- Movie cast identification, actor identification, role that the actors play, and the cast of the movie.

Ratings

- Movie popularity is dependent upon the ratings, review identification, reviews of the movie, review stars that the movie receives, number ratings. They are correlated with the movie idenfication, and dictate the success or failure of a movie.
